PATENTS.
American and Foreign Office
AGENCY FOR BUSINESS WITH U. S. PATENT OFFICE, WASHINGTON.
No 22 State Street, Boston.

The subscriber was appointed by the Commissioner of Patents Agent of the U S Patent Office in accordance with the 10th Sec of the act of 1837.

Having relinquished the Agency for the transmission of Models and adopted a more expeditious mode of sending them to the Patent Office where they may be procured about six weeks earlier, he continues to forward them free of expense—to prepare Caveats, Specifications, Assignments and all the necessary Papers and Drawings for Patents and to render advice on legal and scientific matters respecting the same. Patents secured in Europe and other countries.

By application at this office inventors are saved the time and expense of a journey to Washington and delay there as well as all personal trouble in obtaining their patents. They also have the advantage of verbally explaining their inventions and of consulting in respect to them matters in general of an amount importance in order to obtain correct specifications and claims. The experience he has in seven years practice, an extensive collection of rare works, decisions &c on mechanical subjects, the Patent Laws and patents of different countries collected at much expense during the long time this office has been established, together with accounts here kept of inventions patented at Washington, enable the subscriber to afford inventors desirous of procuring Patents assistance and information which in other respects might be difficult of attainment.

R H EDDY Solicitor of Patents

WASHINGTON, JULY 21, 1849.—During the time I occupied the Office of Commissioner of Patents R H EDDY, Esq of Boston did business at the Patent Office as Solicitor for procuring Patents. There were few, if any persons acting in that capacity who had so much business before the Patent Office, and there were none who conducted it with more skill, fidelity and success. I regard Mr Eddy as one of the best informed and most skillful Patent Solicitors in the United States and have no hesitation in assuring Inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

Late Commissioner of Patents

HOLLOWAY'S OINTMENT.

A MOST MIRACULOUS CURE OF BAD LEGS AFTER 43 YEARS' SUFFERING.

Extract of a Letter from Mr William Galpin of 70, St Mary's Street, Weymouth, dated May 15th 1851.

To Professor Holloway,

SIR,—At the age of 18 my wife (who is now 61) caught a violent cold which settled in her legs, and ever since that time they have been more or less sore and greatly inflamed. Her agonies were distracting, and for months together she was deprived entirely of rest and sleep. Every remedy that medical men advised was tried, but without effect; her health suffered severely, and the state of her legs was terrible. I had often read your advertisements and advised her to try your Pills and Ointment, and, as a last resource after every other remedy had proved useless she consented to do so. She commenced six weeks ago and strange to relate, is now in good health. Her legs are painless without seam or scar, and her sleep sound and undisturbed. Could you have witnessed the sufferings of my wife during the last 43 years, and contrast them with her present enjoyment of health, you would indeed feel delighted in having been the means of so greatly alleviating the sufferings of a fellow creature.

(Signed) WILLIAM GALPIN

A PERSON 70 YEARS OF AGE CURED OF A BAD LEG, OF THIRTY YEARS STANDING.

Copy of a Letter from Mr Wm Abbs, Builder of Gas Ovens of Rushcliffe, near Huddersfield, dated May 31 1851.

To Professor Holloway.

SIR,—I suffered for a period of thirty years from a bad leg, the result of two or three different accidents at Gas Works, accompanied by scorbutic symptoms. I had recourse to a variety of medical advice without deriving any benefit, and was even told that the leg must be amputated, yet in opposition to that opinion your Pills and Ointment have effected a complete cure in so short a time that few who had not witnessed it would credit the fact.

(Signed) WILLIAM ABBS

The truth of this statement can be verified by Mr W P England, Chemist, 13 Market street, Huddersfield.

A DREADFUL BAD BREAST CURED IN ONE MONTH.

Extract of a Letter from Mr Frederick Turner of Penshurst, Kent, dated December 13th 1850.

To Professor Holloway.

DEAR SIR,—My wife had suffered from bad Breasts for more than six months, and during the whole period had the best medical attendance but all to no use. Having before healed an awful wound in my own leg by your unrivalled medicine I determined again to use your Pills and Ointment, and therefore gave them a trial in her case and fortunate it was I did so, for in less than a month a perfect cure was effected, and the benefit that various other branches of my family have derived from their use is really astonishing. I now strongly recommend them to all my friends.

(Signed) FREDERICK TURNER

The Pills should be used conjointly with the Ointment in most of the following cases:

Bad Legs	Corns (Soft)	Scalds
Bad Breasts	Cancers	Sore Nipples
Burns	Contracted and Stiff Joints	Sore throats
Bunions		Skin-diseases
Bite of Moschetoes and Sand Flies	Elephantiasis	Scurvy
	Fistulas Gout	Sore-heads
Coco-Bay	Glandular Swellings	Tumours
Chiego-foot	Lumbago	Ulcers
Chilblains	Piles	Wounds
Chapped hands	Rheumatism	Yaws

The following certificate from Dr John C Warren of Boston, was given 16 years since, but will last forever.

Boston January 7, 1835.

Having had occasion to observe that some persons afflicted with Hernia, have suffered much from the want of a skilful workman in accommodating Trusses to the peculiarities of their cases, I have taken pains to inform myself of the competency of Mr J F Foster to supply the deficiency occasioned by the death of Mr Beath. After some months of observation of his work I am well satisfied that Mr Foster is well acquainted with the manufacture of these instruments and ingenious in accommodating them to the variety of cases which occur. I feel called upon to recommend him to my professional brethren and to the public as a person well fitted to supply their wants in regard to these important articles.

JOHN C WARREN M D Boston

CERTIFICATE. The following certificate is from Professor Stuart, of Andover Theological Seminary.

The undersigned having occasion to employ Mr J Frederick Foster of Boston in making and fitting Trusses for the relief of Hernia, takes great pleasure in recommending him to the favorable notice of such persons as may be afflicted with that and similar complaints. Mr Foster's success in the manufacture and adapting them to the body, giving ease and comfort to the wearer, surpass (as far as our experience goes) any other manufacturer of the article.

The numerous testimonials which he has received together with the recommendations of that eminent surgeon, Dr J C Warren, as a sufficient guaranty for all who may favor Mr F that his instruments will give entire satisfaction and he will satisfy all reasonable demands for an equitable compensation.

ALTHOUGH these works are distinguished by the political shades above indicated, yet but a small portion of their contents is devoted to political subjects. It is their literary character which gives them their chief value and in that they stand confessedly far above all other journals of their class. Blackwood still under the fatherly care of Christopher North maintains its ancient celebrity and is at this time unusually attractive from the serial works of Bulwer and other literary notables written for that magazine and first appearing in its columns both in Great Britain and in the United States. Such works as The Caxtons and My New Novel (both by Bulwer) The Green Hand, Katie Stewart, and other serials of which numerous rival editions are issued by the leading publishers in this country, have to be reprinted by those publishers from the pages of Blackwood after it has been issued by Messrs Scott & Co, so that subscribers to the Reprint of that Magazine may always rely on having the earliest reading of these fascinating tales.

The People's Medicine!

DR. LANGLEY'S

Sarsaparilla, Yellow Dock, Wild Cherry, Prickly Ash, Dandelion, Thoroughwort and Rhubarb

ROOT and HERB BITTERS!

Decidedly the greatest Medicine in the world for the least money.

"Buy me and I'll do you good."

THIS invaluable compound has now been before the public three years, during which time nearly Three Hundred Thousand Bottles have been used, thus proving it the most popular Medicine of the age. No poisonous drugs or minerals such as Opium, Antimony, or Mercury under any of their hydra headed, kill all forms, compose any part of these Bitters. The medicinal virtues of the best Roots, Herbs, and Barks in the world are so compounded as to act in concert with nature. They cure and eradicate from the system Liver Complaint,—that main wheel of so many diseases,—Jaundice, Bile, Dyspepsia, Costiveness, Humors of the Blood and Skin, Indigestion, Nervous Head ache, Piles, General Debility and the host of hundred diseases arising from a disordered stomach or bad humors in the blood. On the approach of warm weather most persons are troubled with Languor, Drowsiness and general lassitude of the system. This if neglected leads to Jaundice, loss of Appetite, Indigestion, Debility and decline. Langley's Bitters are just the thing to obviate all difficulties of the kind. They regulate the bowels, stimulate the circulation, purify the blood and, by a constant use keep off diseases so common in Spring and summer. Coughs and Colds are by its use broken up and cured at once. In short, this medicine is safe for all ages and conditions and in all climates. It always does good and never does hurt. No lying certificates, no flaming handbills or costly wrappers are used to puff it into notice. All who try them will say, as more than 200,000 persons can testify, that one Bottle will do them more good than forty Latin prescriptions of poisonous drugs by which so many persons are annually killed.

The effect of this medicine upon the system is most wonderful.—Its healing, cleansing and purifying qualities operate with magic like power upon all classes of diseases for which they are recommended. All who use them like them, because they ARE what they PROFESS to be.

Sold in Bangor, Oldtown, Orono, Brewer, Hampden and Frankfort, and by all dealers in Medicines in Bangor. Ingraham & Fuller, and Guild & Harlow, Wholesale Agents to the trade, to sell again. 97 Union street, Boston, is the Wholesale Depot.

Winter, though cold, is rather a pleasant season for children. It is the best time for schools, provided they have good comfortable and convenient school rooms. Children feel brighter, smarter—their spirits are more lively than in the long hot days of summer, and if they behave well and try to make each other happy, schools are very pleasant places.

The good boy takes his younger brothers or sisters in a friendly ... away they go over the ... as merry as the ... school room. They meet ... happy countenances of their young friends and unite with them in forming their ... which will render them useful and happy through life.

Here they form friendships with young and innocent hearts that will be to them a source of much ... in after years, when they become men and women, and are separated and scattered over the world among strangers. Nearly all grown people often look back on their school days and think of the friends of their childhood and youth, and if they could, would travel back to that happy period and live over again the pleasant days they have spent together. If they were good children and behaved well and tried to make their schoolmates happy, they find much satisfaction in thinking of the past, but if they were idle or vicious, if they had quarrels with their mates they experience much grief at the remembrance of it, and would like to live their time over again that they might repair the wrong.

I hope none of my little readers will be of that class, but will be kind, generous, loving and forgiving—that if injured by a schoolmate they will not return injury, but forgive, and try to gain the good will of those that injure them by acts of kindness.

I have sometimes seen smart scholars slight little ones who could not learn so fast as they, but this is wrong. You ought to be as kind and sociable with little dull ones as with others, and try to encourage them, assist them about their lessons when you can, try to make them understand what they study. Then when you are older they will be your friends and may return your kindness in some other way.

I have seen well dressed scholars look down with contempt on those who were poor and could not dress well. This too is very wrong. You should never despise any one on account of poverty, nor think the less of them because they are not able to dress well. Many of the greatest and best men and women in the country were once poor children and attended school in a ... patched garment. They were virtuous ... perhaps ... only because their ... to gain their property had ... but by being industrious they became ... while the children in good clothes who look down on them by neglecting their better privileges became ... and poor.

M... little school boy who was slighted and sneered at by his companions for his shabby dress has after becoming a man, given employment to ... of his schoolmates that sneered at him.

Now my little friends, if any of you have slighted a schoolmate on account of poverty or poor clothes, or because they are dull scholars or if you have had any quarrel with, or hard feelings towards any of them, make up your minds to repair the ... immediately. Be kind and social, treat them well and by your attentions to them let them know that you are disposed to make them happy.

You may live to see the little shabby boy that you despise a wealthy man, or the little homely girl a beautiful woman, or the dull scholar a man of knowledge. Such things often happen, and should you live to see some schoolmate that you have slighted a better man or woman than you are, you will be ashamed of your former conduct.

Now remember what I have said and try to make your school like a happy family—treat all like brothers and sisters, by so doing you will not only make them happy but yourselves too, and happy not only now while children but in future years when you think of your school days.—Pleasure Coat

THE FARMERS.—Adam was a farmer while yet in paradise, and after his fall was commanded to earn his bread by the sweat of his brow. Job, the honest, upright and patient, was a farmer, and his education has passed into proverb. Elisha was a farmer, and wedded to call ing the glory of his ... St Luke was a farmer, and divided with Prometheus the honor of subjecting the ox for the use of man. Cincinnatus was a farmer, and the noblest Roman of them all. Burns was a farmer, and the muse found him at his plow, and filled his soul with poetry. Washington was a farmer, and retired from the highest earthly station to enjoy the quiet of rural life and present to the world its sublimest spectacle of human greatness. To these names may be added a host of others, who sought peace and repose in the cultivation of their mother earth.—The enthusiastic Lafayette, the steadfast Pickering, the scholastic Jefferson, the fiery Randolph—all found an Eldorado of consolation from life's cares and troubles in the green fields and verdant lawns that surrounded their homesteads.

BOAT UPSET AND SIX PERSONS DROWNED.—On Friday afternoon a row boat containing ten passengers was upset in the East River, New York, and six of the number were drowned. It appears from the statement of one of the men saved that the passengers had just arrived in the packet ship Queen of the West, from Liverpool, now lying at anchor in the stream, and for some reason the captain, upon arriving at this port, threw all the provisions of the emigrants overboard, leaving them in a starving condition. A party of ten, of the families of Brown and O'Gara, hired a row boat to convey them to the city, to procure fresh provisions. They had not left the ship more than five minutes before the boat upset, leaving ten souls at the mercy of the waves. Four of the number were saved. A coroner's jury returned a verdict in accordance with these facts.—Boston Journal.

Love is like honesty, much talked about, and but little understood.

Railroading—Mr. Poor's projects—Success of the Penobscot interest—The Road to Waterville soon to be commenced.

[illegible] long struggle with the railroad interests of Maine is likely now to subside, so far, at least as the Penobscot and Kennebec road is concerned. Religious Summary.

There has been a powerful revival of religion in progress in North Amherst, Mass. About 100 have already expressed a hope in Christ; many of them heads of families. There have been som five or six cases of hopeful conversions in the College—all of them members of the Sophomore Class.

We learn there is a revival of religion in Rutland, Mass., in the church and society, under the pastoral care of Rev. Mr Potter.

The work of God goes forward at Pesth, in Hungary, notwithstanding the banishment of the Missionaries of the Free Church. The weekly meetings for reading the word of God and for prayer still continue.

We learn, that in accordance with invitations from the American Baptist Missionary Union, and from the American and Foreign Bible Society, the Rev. Mr Oncken, (Baptist) will visit this country during the Spring, if the condition of his mission permits. Mr. C is a German, and a missionary on the continent, among his countrymen.

The Burmese Dictionary commenced and nearly completed by Dr Judson, has been finished by Rev Mr Stevens of the Maulmain mission This will be a valuable aid for future missionaries.

Miss Morse, of the Baptist mission in Siam mentions the hopeful conversion of three Siamese men and one woman, and that there is now for the *first time*, a Siamese prayer-meeting conducted by Siamese *brethren*

At Calcutta, are forty native presses, sending out annually, 30,000 volumes. Within the 50 years, since the Serampore missions published the first book in the Bengal language every ancient Bengali book but *one*, all of which were full of idolatry and obscenity, has ceased to be published, while nearly four hundred works of better character have taken their place

Rev Mr Livermore, Unitarian, formerly of Keene, N H, and lately of Cincinnati, has been invited to remove to San Francisco and become pastor of the Unitarian Church in that city, with a salary of $5000 and an outfit of $1000

Rev A. A Davis, formerly a zealous Universalist preach, and for some years one of the editors of the "STAR IN THE WEST," has renounced Universalism and has united with, and been licensed to preach by an evangelical denomination.

It will be remembered that for more than two years past there has been a union prayer meeting every day—Sundays excepted—in the Old South Chapel in Boston. The venerable Dr Lyman Beecher, recently announced in one of them, *that his last son*—James C Beecher—*was converted to God*. What a thrill of joy must this intelligence bring to the heart of that good man!

A writer of that infidel paper—the Boston *Investigator*—thus speaks of his hopes for the future "I go for the truth *fearlessly!* it has led me to this conclusion, respecting my own identity—I was not—I am—I shall not be *And I often feel a pleasure that ere long, I shall be in a haven of oblivion!!!*" God-forsaken man! Death is not an eternal sleep

A powerful revival is reported in Genesee College, a flourishing Methodist Institution in western New York

A recent letter from one of the Professors in the Ohio Wesleyan University, located in Delaware, states that about eighty of the students have been converted

The President of Wirtemburg College, a German Institution, in Springfield, Western Ohio writes that a delightful work of grace is in progress in that college—that a number of promising young men have been converted.

There is also a revival in progress among the pupils of the Union Springs Young Ladies Seminary, New York!

The Dublin Evening Herald says, that no less than 10,000 Romanists in Ireland, have joined the Protestants during the past year

There are thirty-six members of the English Parliament, holding "non-conformist opinions, and who represent a population of nearly four millions.

Efforts are being made in San Francisco to have the Sabbath observed The Board of Aldermen have passed an Ordinance designed "to encourage the observance of Sunday as a day of rest,—forbidding ordinary labor on that day"— This movement is ridiculed by the Alta California

We learn from the New York Observer that a work of divine grace is in progress in Williams College among the students and extending also to people of the town

A preacher, formerly Universalist, and now a Methodist, was amusing his little son by telling him the story of the "Children in the Wood." The boy asked "what become of the little innocent children?" "They went to Heaven" replied the father "What become of the wicked uncle?" "He went to Heaven, too." "Wont he kill them again, father?" said the boy

California Items.

The Alta California has the following items in its news summary of the 16th

The newest developement in the enterprise of the people of California is the active movement towards the construction of plank roads. Planked roads have been projected from Marysville and Sacramento to Nevada and Auburn, and the press of those towns is zealously urging their immediate construction.

Considerable attention is being directed of late to the subject of railroads, and in two instances the preliminary surveys have been made, and the line of the route decided on

Mining intelligence generally is of the most cheering character. The weather has become settled, dry and pleasant, and the road accessible to teamsters throughout the State. We look for a prosperous and to the miners a profitable season.

Advices from Nevada state that slight rains had prevailed, but the weather had cleared to a balmy atmosphere. Provisions were constantly arriving from the valley, and the stock was fast being replenished The miners continued to be successful at work, and no one idle Large quantities of dust are still disposed of to the bankers for drafts and coin, showing conclusively their prosperity It is now thought that with the exception of occasional rains of two or three days duration the worst of the winter is over

A miner at French Camp determined to leave for his Atlantic home, and with that view was about to abandon his claim Being detained a day he employed the time at work, and, luckily striking a "pocket," took from it a piece of gold weighing 271 ounces The lucky finder left next day

The P M. Company has reduced the prices of passage in the steamers of the 15th to $100 in the cabin through to New York. This is not a permanent movement.

The new clipper ship Flying Fish, Capt. Nickels, arrived on Monday after a remarkably short passage of ninety two days from New York. It has been just ten months and fifteen days since she left this port, during which time she has made the voyage around the world by way of China and the East Indies, taken in her cargo at New York, and reached this place again.

The Tennessee took in Gold on the 1st of February, $2,430,000, which makes an aggregate for the month of $6,320,593. The amount exported in January was $4,576,013, total for January and February, $10 796 606.

Miners are doing well and making good wages about Shasta and many of them are on their way up from the lower country to that place

Mr Mayberry was murdered at Spanish Flat on Monday evening last, in a dispute about a mining claim with a man named Tompkins Tompkins escaped

A little child, the daughter of a gentleman named Mason, residing on Deer Creek, twelve miles from Nevada, was killed by the explosion of a quicksilver flask in the process of heating on the 21st inst

FATAL ACCIDENT NEAR MARYSVILLE.—On Friday last, says a Marysville paper two industrious young men, named GEORGE G CHADBOURNE and Henry M Weston, while prospecting a new digging, about two miles above Sweetland's were suddenly hurried into eternity by the caving in of the bank under which they were at work. It appears that they had commenced making a deep cut into the side of a hill, near the junction of the Middle Yuba, to accomplish which they had to run a stream of water over the ground, sufficient to wash away the earth after loosening it with their picks. In this manner they had excavated a distance of about one hundred and thirty feet, at which point their cut was twenty-six feet deep, with a width only four feet on the top. About sun set on Friday a friend of the deceased, in passing discovered that the work had caved in, and that their coats, were at the mouth of the cut He instantly gave the alarm and some fifty men were soon at work to extricate the bodies. When found they were both quite dead, having, from all appearance, died of suffocation The deceased were both from the town of Standish, in the State of Maine where their parents and relatives reside

H. G Farrell's Arabian Liniment

TRIUMPHANT OVER DISEASE.

This truly great medicine still goes on, conquering disease, and snatching many a poor powerless victim from the grave. By its powerfully stimulating, penetrating and anodyne qualities, it restores the use of limbs which have been palsied for years, and by its singular power of reproducing the synovial fluid or joint water, it cures all diseases of the joints with surprising rapidity For rheumatism, and affections of the spine and spleen, it has proved itself a *specific* and for affections of the lungs liver and kidneys, it is a most valuable and powerful auxilary also, for all diseases of the glands, scrofula goitre or swelled neck, etc. etc. And indeed for almost any disease where an external application is required, this medicine stands unparalled, Sprains, bruises, cramps wounds chilblains burns etc. are speedily cured by it.

From the Hon. Peter Menard, one of the oldest settlers in Illinois

It gives me pleasure to add my testimony to the virtues of your great medicine One of my blooded horses had a swelling over the cap of the knee about the size of a hen's egg. Some said it was a strain and some that it was the joint water from the knee and could not be cured. I tried oil cedar on it, and all the liniments and ointments, and they did no more good than water I then, by persuasion of my friends, tried H G Farrell's Arabian liniment and I was happy to find it take effect after a few days and it finally cured the noble animal entirely I think it is decidedly the greatest liniment for horses as well as human flesh I ever knew

Tremont Tazewell co, Ill. March 16th 1849

PALSY OR PARALYSIS

Thadeus Smith, of Mudd Creek, Tazewell county Illinois, says I had lost the use of my arm for more than a year by palsy or paralysis the flesh had entirely withered away leaving nothing but skin, muscle and bone, I tried all the best doctors and all the remedies I could hear of but they did no good I then commenced the use of H G Farrell's Arabian Liniment and a few bottles entirely cured me and my arm is now as strong and fleshy as the other it is also first rate for burns, sprains and bruises.

LOOK OUT FOR COUNTERFEITS

The public are cautioned against another counterfeit, which has lately made its appearance called W B Farrell's Arabian Liniment, the most dangerous of all the counterfeits, because his having the name of Farrell many will buy it in good faith, without the knowledge that a counterfeit exists, and they will perhaps only discover their error when the spurious mixture has wrought its evil effects.

The genuine article is manufactured only by H. G Farrell, sole inventor and proprietor, and wholesale druggist No. 17 Main Street, Peoria, Illinois, to whom all applications for Agencies must be addressed. Be sure you get it with the letters H. G before Farrell's thus—H G FARRELL'S—and his signature on the wrappers all others are counterfeits.

Sold by INGRAHAM & FULLER wholesale and retail, Bangor Also by R. F Kinsell, Oldtown. French & Hamilton, Dexter Geo. Parcher, Ellsworth. P O Flaherty, Houlton And by regularly authorized agents throughout the United States.

☞Price 25 and 50 cents, and $1 per bottle

AGENTS WANTED in every town village and hamlet in the United States in which one is not already established. Address H. G Farrell as above, accompanied with good reference as to character responsibility, &c.

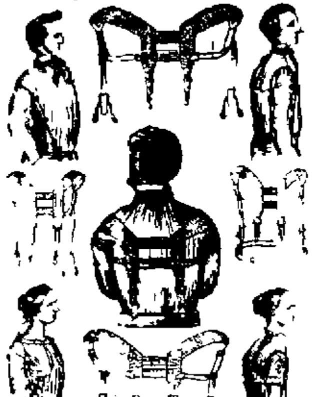
BAXTER'S
Victory Shoulder Brace.



This is an entirely new superior and greatly improved article which can be worn with or without the Suspender attachment It is light and elastic yet strong and equally adapted to the wear of either sex, and so constructed as not to bind under the arm, which has been one serious objection to nearly all the Braces that have heretofore been used It is constructed upon anatomical and physical principles and is highly approved of as conducive to health and gracefulness of form, far superior to the old excruciating articles formerly worn as Braces in regard to simplicity, durability and comfort

The design of a shoulder Brace is to throw back the shoulders expand the chest and retain the form in an erect position thereby establishing a free and active circulation of air through the lungs, which to insure good health in them, must be perfectly expanded in every part with atmospheric air which comes in contact with the blood as it is thrown from the heart to the lungs by every pulsation of that organ and is instantly changed from a dark color and impure state to a scarlet red, and again returned to the heart and carried through the whole system to repair the waste of the body and keep up the vitality of the parts, and if the lungs are not fully expanded with air, the blood is not fully purified, and the whole system is injured in consequence, hence the necessity of keeping the chest erect and fully expanded so as to contain as much air as possible

Symmetry of figure is almost entirely overlooked and neglected by every class of people A vast number of persons contract the habit which creeps upon them in a most insidious manner of stooping and allowing the weight of the shoulders to press forward upon the collar bones, breast bone and ribs which materially contracts the chest compresses the lungs heart and stomach (the most vital organs of the human system,) and thus brings on some of the most fatal diseases such as pulmonary consumption heart disease curvature of the spine crooked and displaced shoulder blades, and that disagreeable sensation of sinking and goneness at the pit of the stomach, all of which might be prevented and the form kept in an erect position by wearing a well constructed and properly adjusted SHOULDER BRACE

Mr BAXTER would call particular attention to his BRACE and BELT for Ladies, it being light, elastic and easily adjusted so as to support the weight of the under garments and secure them in their proper position

The VICTORY BRACE is for sale at G F SARGENT'S No 8 corner Smith's Block, Mrs DENNISON No 68 Main street and by the Traveling Agent mch16 2w

DR. MORSE'S
INVIGORATING CORDIAL

GENITAL DEBILITY IMPOTENCY IN CONTINENCE OR NOCTURNAL EMISSIONS

The astonishing success which has attended this invaluable medicine, for Loss of Muscular Energy, Lassitude and General Prostration or any of the consequences of youthful indiscretion or indulgence of the passion in riper years renders it the most valuable preparation ever discovered. In fact as a remedy for the above complaints it stands unrivalled and alone. There is no other reliable remedy or any that has authentically received the sanction of the medical faculty. The WONDERFUL VEGETABLE PRODUCTION of which this medicine is composed has been tested and its virtues proclaimed by the highest names of the faculty of London Paris and the cities of Europe as well as by eminent physicians in this country. It is the only infallible remedy for NERVOUS HEAD and MIND COMPLAINTS—the mental physic so long sought for and never before found: the only agent that can administer to MIND DISEASES. It will remove all nervous affection, depression, EXCITEMENT, incapacity to study or business, loss of MEMORY CONFUSION thoughts of Destruction, fear of insanity &c. It will restore the appetite, renew the health of those who have destroyed it by Sensual Excess or evil practices. It is said by some that these discharges or emissions ... This however is not the fact. DR MORSE'S INVIGORATING CORDIAL has, ... naturally curing the complaints relieving ... and totally incapacity of the unfortunate ... as the following testimony of the unnumbered ... will conclusively show

Dr Woodward of the Massachusetts Insane Hospital writes of one of his patients being cured by using this Cordial thus — It gives me pleasure to inform you that one of my patients while ill ... procured some of your Cordial. He tells me that he has not had ... emission since he commenced taking it while before he had two or three a week. When he applied to me, says Dr W, I thought it hardly possible for him ever to regain his full strength. I prescribed the unusual ... cure used in these cases in the hospital but they had no effect. In the meantime he procured some of your Cordial which has effected a radical cure. no other medicine would ... I shall ever recommend whenever an opportunity occurs

The nature of the maladies relieved by this Cordial ... as to leave the public in want of certificates ... out of the question and the proprietor ... produce a list of the most conclusive testimony to show that the great reputation it enjoys was not accidentally obtained, but is firmly based upon its positive and apparently miraculous virtues. In all directions are to be found the happy parents of healthy offspring who would not have been so but for this extraordinary preparation. And it is equally potent for many diseases for which it is recommended

THE MEDICAL JOURNALS

... not a single instance that has been ... given their sanction to any other preparation for the ... complaints. It has in many ... and desperate cases, effected radical cures, after patients had been abandoned, and their condition pronounced hopeless ... medical practitioners of high professional character

THE COMMON EXPRESSION

of those who have used this Extract is— "I had heard your Cordial highly spoken of, but was one of the incredulous in regard to its merits, having tried various medicines sold for the same purpose, (different Sarsaparillas) without deriving any benefit. I had almost given up all hope of obtaining relief, when I purchased one of your Cordial I had no faith whatever of its benefiting me—but it has. I feel stronger have had no emissions since, although it is not three weeks. I am satisfied the half a dozen bottles I took will cure me

Another says — "I had consulted several distinguished ... Some said I could not be cured, others ascribed this thing and that but I found no relief until I procured some of your Cordial I must say it completely cured me.

Another says— "I was surprised at the effect your Cordial had Why had I not heard of it before? It would have saved me so much expense, besides years of mental and bodily suffering

CAUTION—Ask for Dr. Morse's Cordial and take no other, as there are worthless imitations which its unrivalled excellence, fame and popularity, have brought into the market. It will not hurt the most delicate female but do good Beware of all other Cordials, &c, try only this)

Notice. Persons conscious of physical inability from causes above name I may confidentially consult D Morse personally or by letter (post-paid) at his office 78 Sudbury street, Boston. THE GREAT REMEDY FOR

Coughs, Colds and Consumptions.

The VEGETABLE PULMONARY BALSAM is probably without a parallel in having, during a period of more than Twenty-five years fully maintained the high reputation which it has acquired for CONSUMPTIVE COMPLAINTS and all DISEASES of the LUNGS THROAT and CHEST It has been used with probably greater success than any other article known, and Physicians who have had an opportunity of witnessing its highly salutary effects, recommend it as a safe and very efficacious medicine equal if not superior to any other prescription for the above complaints within their knowledge. The basis of this Medicine was a favorite recipe of a distinguished Physician in one of the neighboring States and was prescribed by an individual to whom it gave the most astonishing relief. It is composed of vegetable ... and if used according to directions must be perfectly safe

From Messrs Allen & Co Merchants Cincinnati — Those persons who have used the Vegetable Pulmonary Balsam in this vicinity speak of it as a valuable medicine and from the quantity sold notwithstanding the numerous other preparations used for similar complaints we consider it first on the list

Respectfully &c, ALLEN & CO "

The Editor of the Seneca Falls Courier says— We have had occasion to witness the good effect of the Vegetable Pulmonary Balsam in our family, in case of a young lady who has been entirely cured of Consumption by the use of it and also in severe coughs and colds, and cheerfully bear testimony to its being a safe convenient and very efficacious medicine in cases of that description."—Ed Courier

A Clergyman from Philadelphia writes, that he has been in the habit of using the Vegetable Pulmonary Balsam for himself and family for the last fifteen years and also of recommending it to his friends and considers it an invaluable remedy for all pulmonary complaints

For the last five years of my practice I have had the satisfaction to witness the beneficial effects of Vegetable Pulmonary Balsam in many cases of obstinate coughs and other affections of the lungs I would therefore confidently recommend its use in all complaints of the chest, as being equal, if not superior, to any other medicine within my knowledge
